

Student Release

Certain situations may involve releasing students from school or relocating them during the school day. Evacuation, relocation, or student release will be implemented by a district or school administrator only in times of extreme emergency when conditions exist to warrant such execution. Whenever possible, it is preferred that students remain at school during the academic day.

Disasters and emergencies are chaotic times. NUSD protocol outlines that lead release staff wear white vests.

Steps for Student Release

Parents

1. Fill out Student Release Form.
2. Show photo ID at REQUEST GATE.
3. Move to RELEASE GATE TO WAIT FOR STUDENT.
4. Leave campus immediately after student is released to your custody.
