Jim Hogeboom
Superintendent

August 9, 2017

Dear Parents and Guardians,

Welcome to the 2017-2018 school year! As communicated in May, the Novato Unified School District is excited to launch the One to World Initiative this year. This one-to-one device program will provide every student in the fifth, sixth and ninth grade with a Chromebook that they will use in school as well as at home. This is the first year of a three-year rollout plan where Chromebooks will be placed in the hands of all third through 12th graders by 2020.

Your 5th, 6th and/or 9th grade student will receive with a Chromebook, device case, and charger during the first few weeks of school (will vary depending on grade level and school). For more information, please visit our One to World webpage [here](#). This educational tool will be issued to the students for use in the classroom as well as at home, ultimately enhancing students' ability to interact with their learning.

Please carefully review with your child the following documents that are included with this communication **“One: World Technology Code of Conduct”** and **“Student Technology Use Agreement”**. In order for the device to be issued to your student, you and your child need to acknowledge that these documents have been reviewed by signing two important forms, **“One: World Technology Program Acknowledgement Form”** and **“Technology, Network & Internet Services Student Acceptable Use Policy”**.

This is an exciting time for the community, our students, and the school district. We are moving into a new era!

Sincerely,

Jim Hogeboom
Superintendent
